

Ryzom - Bug # 1155

Status:	Closed	Priority:	Normal
Author:	velogfx	Category:	OS: Mac
Created:	11/03/2010	Assignee:	rti
Updated:	01/08/2011	Due date:	
Subject:	Mac - Alpha Build - Crash on "Quit Now"		
Description			
Client crash after quitting with "Quit Now"			
Here the Error:			
http://pastebin.com/ZrfDXgg4			

History

#1 - 11/05/2010 12:52 pm - rti

kervala: rti: perhaps it does crash in NLMISC::COFile file(_CacheFilename, true); because it can't write there
kervala: because to permissions for example

#2 - 11/05/2010 02:15 pm - rti

- Status changed from New to Resolved
- Target version set to Version 0.8.0

seems to be fixed with using the user's application support folder to write data. see r1090

#3 - 01/08/2011 06:49 pm - rti

- Status changed from Resolved to Closed
