Ryzom - Bug # 1162

Status:	Closed	**Priority:**	Normal
Author:	aquiles	**Category:**	Tools: Georges Qt
Created:	11/06/2010	**Assignee:**	aquiles
Updated:	12/07/2011	**Due date:**	
Subject:	Georges Qt: redo 3d view activation		
Description			

was double click first but now gets in the way of editing a value; perhaps just a small icon besides the value

History

#1 - 05/29/2011 05:49 pm - aquiles

- Status changed from New to Closed

Closed for reimplementation as ovqt plugin (See #1306)

#2 - 12/07/2011 02:46 pm - sfb

- Target version changed from Version 0.10.0 to Version 0.9.0
