

## Ryzom - Bug # 1234

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	Naush	<b>Category:</b>	Client: General
<b>Created:</b>	01/15/2011	<b>Assignee:</b>	
<b>Updated:</b>	01/26/2012	<b>Due date:</b>	
<b>Subject:</b>	login_patch.cpp : bad chmod assumption		
<b>Description</b>			
<p>The assumption is the following one: If I can't chmod, I can't delete/alter a file or a directory</p> <p>On a ntfs3g mount point you can't chmod, but you can delete any files or directory.</p>			

### History

#1 - 01/26/2012 08:36 pm - Naush

- File 1234-chmod-not-owning.diff added

Ok it works, but the chmod 777 is just horrible ;)
