Subject: Broken build with VS 2k8 nmake

#### Description

Hi there, the build seems to be broken with VS 2k8 nmake

e:\projects\ryzom new\ryzom\code\build>nmake

My CMake cache <a href="http://pastebin.com/ATcMwjdz">http://pastebin.com/ATcMwjdz</a>

However with VS2k8 IDE it builds fine, so only nmake seems to be affected.

- Target version set to Version 0.9.0

You're right, thanks:)

The flags to use PCH were added to PCH creation themselfn, so they couldn't find them.

I just removed these flags.

07/09/2015 1/2 That's working with nmake now.
