Ryzom - Bug # 1512

Status:	New	Priority:	Normal
Author:	glurf	Category:	Client: General
Created:	12/05/2012	Assignee:	
Updated:	12/05/2012	Due date:	
Subject:	Client crash		

Description

When running the linux client (a compiled version with symbols), it crashed while i was walking in the region of the city of intuition. I was next to the zone A (or B, i don't remember) for the cartographer occupation.
Copy of the gdb log attached below
