Ryzom - Feature # 544

Status:	Resolved	**Priority:**	Low
Author:	sfb	**Category:**	Build
Created:	05/13/2009	**Assignee:**	kaetemi
Updated:	06/19/2014	**Due date:**	
Subject:	Port NeL to build via MinGW		

Description

Port NeL to build via MinGW on Windows systems.

- CMake will need to be updated to correctly build the libraries and link.
    - The check IF will match MinGW on Windows
    - Likewise IF matches Windows compilers.
    - If you need to match MinGW specifically in CMake use: IF
- NeL makes overly liberal use of the NL_OS_WINDOWS and NL_OS_UNIX defines to block out platform specific code.

History

#1 - 09/29/2010 09:41 pm - kervala

- Project changed from NeL to Ryzom

- Category changed from Build to Build

- Target version deleted (0.8.0)

#2 - 06/19/2014 02:19 am - kaetemi

- Status changed from New to Resolved

- Assignee set to kaetemi

- Target version set to Version 0.9.0

- % Done changed from 0 to 100
