Updated:	05/28/2010	**Due date:**	
Subject:	Don't use configure to set architecture variables, use the compiler		
Description			

nel/include/nel/misc/mutex.h should check *x86_64* rather than use a configure check for HAVE_X86_64 ... this also takes a step to supporting fat binaries

gsed -i 's:HAVE_X86_64:__x86_64__:' nel/include/nel/misc/mutex.h
