Thanks a lot for your report, vl did a bug update today, did you try to compile NeL with last SVN changes ?

If yes, this problem has to be fixed :)

#2 - 09/11/2008 12:02 am - kerval

- Target version set to Version 0.7.0

#3 - 09/11/2008 12:04 am - kerval

Oops, I didn't see your revision.

#4 - 09/11/2008 12:05 am - kerval

The samples are not working anymore.

They have to be changed to work.

Honestly the login system is used by Ryzom so we cannot move opennel login system to nel or ryzom will not compile anymore.

So someone have to modify samples.

OR you can ./configure --without-samples since samples are not mandatory

#6 - 09/11/2008 01:19 pm - kaetemi

Why not just put the opennel login thingy in there, but with a different class name? =)

#7 - 09/11/2008 05:21 pm - vl

It's possible indeed. there's the same problem with CI18N class that is not the same and I kept the one used by ryzom to make it compile.
