Only vl can fix this and he is on holidays.

You can use <http://ryzom.hg.sourceforge.net/hgweb/ryzom/ryzom/summary> for the moment :)

#2 - 08/31/2010 06:48 pm - kervala

The bug is reported there: <http://www.redmine.org/issues/5608#note-3>

And a quick fix has been proposed:

```
lib/redmine/i18n.rb
```

```
line 40:
```

```
- Setting.date_format.blank? ? ::I18n.l(date.to_date) : date.strftime(Setting.date_format)
+ Setting.date_format.blank? ? ::I18n.l(date.to_date, :count => date.day) : date.strftime(Setting.date_format)
```

```
line 48:
```

```
- Setting.time_format.blank? ? ::I18n.l(local, :format => (include_date ? :default : :time)) :
+ Setting.time_format.blank? ? ::I18n.l(local, :count => local.day, :format => (include_date ? :default : :time)) :
```

This bug will be fixed in Redmine repository :)

#3 - 08/31/2010 06:50 pm - kervala

- Status changed from New to Validated

- Priority changed from Normal to High

#4 - 09/15/2010 09:47 am - kervala

- Status changed from Validated to Resolved

- Assignee set to vl

- Target version set to Version 0.8.0

- % Done changed from 0 to 100

#5 - 09/15/2010 10:01 am - kervala

- Status changed from Resolved to Closed
