

Ryzom - Bug # 1113

Status:	Rejected	Priority:	Normal
Author:	molator	Category:	Build
Created:	10/01/2010	Assignee:	
Updated:	10/04/2010	Due date:	
Subject:	entities_game_service/stdpch.h included more than once		
Description	<p>I got an issue building eggs on ubuntu 8.04 LTS x86_64.</p> <p>entities_game_service/stdpch.h is included more than once but there's no protecting #ifndef inside.</p> <p>Adding it solved my issue.</p>		

History

#1 - 10/01/2010 10:51 am - molator

Looks like it's not the source of the problem.

#2 - 10/01/2010 10:56 am - molator

#3 - 10/01/2010 11:03 am - molator

A bunch of protecting #ifndef are missing, i will prepare a patch as soon as possible.

#4 - 10/01/2010 11:10 am - molator

Some are already in the repository.
My HG didn't update some files :(.

#5 - 10/04/2010 06:09 pm - kervala

- Status changed from New to Rejected
