History

#1 - 11/21/2010 06:01 pm - aquiles

- Status changed from New to Resolved
- Target version changed from Version 0.10.0 to Version 0.8.0
- % Done changed from 0 to 100

has been fixed in latest commits - empty view is "Form Area" now and gets correctly created and deleted on demand so the context menu is correct. No icons yet though. Can be added later if demanded.
