

Ryzom - Bug # 1234

Status:	New	Priority:	Normal
Author:	Naush	Category:	Client: General
Created:	01/15/2011	Assignee:	
Updated:	01/26/2012	Due date:	
Subject:	login_patch.cpp : bad chmod assumption		
Description			
<p>The assumption is the following one: If I can't chmod, I can't delete/alter a file or a directory</p> <p>On a ntfs3g mount point you can't chmod, but you can delete any files or directory.</p>
