

## Ryzom - Bug # 1258

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	Naush	<b>Category:</b>	NeL: General
<b>Created:</b>	03/17/2011	<b>Assignee:</b>	
<b>Updated:</b>	03/17/2011	<b>Due date:</b>	

**Subject:** CPTthread : CPMainThread doesn't initialize thread handle

### Description

A pontential issue :

pthread\_setaffinity\_np cpumask is now 128 byte long. So we can miss some core on certain configuration.

The following patch have been tested only on linux
