That's exactly the same as #1512 :)

#2 - 12/07/2012 11:57 pm - glurf

Well, in #1512 i was walking in the region for more than 10 mn, here it's at teleportation in a capital, not exactly the same, no ?

#3 - 12/08/2012 10:04 am - kervalva

No, in fact, I mean that's a crash on the same line in the same cpp file exactly so if we fix the previous but, this one is fixed too :)
