

Ryzom - Bug # 850

Status:	Closed	Priority:	Normal
Author:	ratmice	Category:	Build
Created:	05/08/2010	Assignee:	rti
Updated:	07/15/2010	Due date:	
Subject:	ryzom/cmake libwww undefined references to libmd5 (patch)		
Description	undefined reference to MD5Init, used in libwww.. still new to this cmake stuff, be good if someone who doesn't need this patch could make sure it don't break nothin.		
Related issues:	duplicated by Ryzom - Bug # 958: Ryzom client on Archlinux: libmd5 is not linked Closed 06/03/2010		

History

#1 - 05/18/2010 10:25 am - vl

- Target version set to Version 0.8.0

#2 - 06/03/2010 12:34 pm - rti

- Category set to Build
