

Ryzom - Bug # 890

Status:	Closed	Priority:	Normal
Author:	rti	Category:	Build
Created:	05/12/2010	Assignee:	kervala
Updated:	05/28/2010	Due date:	
Subject:	Ryzom Client Build Fix - _Bool is a keyword in C99 (Patch included)		
Description			
<p>Just a small build fix for the Ryzom client.</p> <p>In interface_options.h the class CInterfaceOptionValue gets a member called "_Bool". This generates compiler errors since _Bool is a keyword in C99.</p> <p>http://home.datacomm.ch/t_wolf/tw/c/c9x_changes.html#Syntax</p> <p>I see two options here:</p> <p>Option 1: undef so that the name is free to use again. (see ryzom_client_bool_name_problem_option_1.patch)</p> <p>Option 2: rename the member. (see ryzom_client_bool_name_problem_option_2.patch)</p> <p>I like option 2 better, more code is changed, but it is a cleaner solution.</p>			

History

#1 - 05/12/2010 03:05 pm - kervala

I also prefer the second one because the "bug" is a bad choice of variable name :)

Thanks for the patch :)

#2 - 05/12/2010 04:14 pm - kervala

- Status changed from New to Assigned

- Assignee set to kervala

#3 - 05/12/2010 04:20 pm - kervala

- Status changed from Assigned to Resolved

- % Done changed from 0 to 100

Applied in changeset r115.

#4 - 05/12/2010 04:26 pm - kervala

- Target version set to Version 0.8.0

#5 - 05/28/2010 05:24 pm - vl

- Status changed from Resolved to Closed
