

Ryzom - Bug # 935

Status:	Closed	Priority:	Low
Author:	Nepherkaan	Category:	Client: General
Created:	05/25/2010	Assignee:	vl
Updated:	05/28/2010	Due date:	
Subject:	Screenshots saved in a dedicated directory.		
Description	This way, no risk to delete a system file in the client main dir. (would be great for the official client too ^^).		

History

In Windows, 'My Pictures' should be used by default (if not set differently from config). MacOS might have that aswell.

Linux is tricky so best solution is to use Screenshots config file variable to set the path.

related link for windows <http://msdn.microsoft.com/en-us/library/ms995853>

data that is changed on running client (except patch), should be moved away from program folder in the end (that means save folder too)

#2 - 05/25/2010 01:30 pm - lubos

Freedesktop has specification for user dirs: <http://freedesktop.org/wiki/Software/xdg-user-dirs>

I almost agree with you nimetu, but what i liked with Ryzom was that you take the folder and you don't have to bother looking at different places to find your files (saved scenarios, map hotspot & so on).

I've already made a patch to put all the Ryzom user's data in the same folder /ryzom/screenshots at this moment. But i wonder what's the best ^^

#4 - 05/28/2010 04:32 pm - vl

- Category set to Client: General

- Status changed from New to Assigned

- Assignee set to vl

- Target version set to Version 0.8.0

I agree that it's nice to have everything in ryzom/ directory so we can copy/paste the directory and have 2 instances of ryzom without conflicts with user directory and so on.

If we want to use official path, we need to add a variable in the cfg that tell it and then use all official path for screenshot but also all other files.

#5 - 05/28/2010 04:40 pm - kerval

Perhaps could we move them to "save" folder ? Logs, key config, etc... are already saved in "save" folder so it should be THE folder to backup :)

#6 - 05/28/2010 05:19 pm - vl

- *Status changed from Assigned to Resolved*

- *% Done changed from 0 to 100*

Applied in changeset r233.

#7 - 05/28/2010 05:24 pm - vl

- *Status changed from Resolved to Closed*
