Hi,

same problem of compilation under Ubuntu lucid 64, my logs are in french but as i read the compilation error is located at the same place. "night"

```
script_compiler.h:111: warning: 'AICOMP::CTokenTestResult::_codeNode' will be initialized after
script_compiler.h:110: warning: 'AICOMP::CTokenTestResult::TBasicTokenTestRes AICOMP::CTokenTestResult::_res'
script_compiler.h:352: warning: when initialized here
state_instance.cpp: In member function 'void CStateInstance::dumpVarsAndFunctions(CStringWriter&) const':
state_instance.cpp:163: error: cast from 'void*' to 'int' loses precision
make[2]: *** [state_instance.o] Erreur 1
make[2]: La cible « all » n'a pas pu être refabriquée à cause d'erreurs.
make[1]: *** [ai_service-all] Erreur 2
make[1]: La cible « night » n'a pas pu être refabriquée à cause d'erreurs.
make: *** [night] Erreur 2

Servers are not compiling on x64 Linux for the moment and it needs some refactoring.

#3 - 06/17/2010 09:59 am - vl

They should compile now in 64b. Can you test and report any problem?

Hi,

We have downloaded the latest source and we came to no result.

We have the same Error.

Thanks for your help!

Did you **update** sources after **pulling** them ?

#6 - 06/17/2010 10:50 pm - kerval

- *Status changed from New to Resolved*

- *% Done changed from 0 to 100*

Applied in changeset r381.

#7 - 06/17/2010 10:51 pm - kerval

- *Assignee set to kerval*

- *Target version set to Version 0.8.0*

I used `NLMISC::toStringPtr()` to convert pointer to string :)

#8 - 06/22/2010 11:50 am - kerval

- *Status changed from Resolved to Closed*
