

Ryzom - Bug # 955

Status:	Closed	Priority:	Low
Author:	rti	Category:	Build
Created:	06/02/2010	Assignee:	kervalala
Updated:	08/26/2010	Due date:	
Subject:	CMake does not search luabind		
Description			
There is just the hardcoded library name in ryzom/client/src/CMakeLists.txt. I think this problem is hidden most of the times because the correct library path was already added by other packages find scripts.			

History

#1 - 06/03/2010 12:51 am - rti

popped up on archlinux

#2 - 06/09/2010 12:37 am - rti

- *Target version set to Version 0.8.0*

according to the roadmap this should work in 0.8

#3 - 08/20/2010 01:27 pm - kervalala

- *Status changed from New to Assigned*
- *Assignee set to kervalala*

I used sfb's FindLuabind.cmake from <http://code.google.com/p/tux-target/source/browse/trunk/tux-target/CMakeModules/FindLuabind.cmake>

Thanks a lot Matt :)

#4 - 08/20/2010 01:29 pm - kervalala

- *Status changed from Assigned to Resolved*
- *% Done changed from 0 to 100*

Applied in changeset r644.

#5 - 08/26/2010 07:33 pm - kervalala

- *Status changed from Resolved to Closed*
